

# Key Harm Reduction

#1

## Supply Messages

I am not a  
**COASTER!**

I'm a post-injection  
**Dry Swab**

The wee pad found in the One-Use Cooker and Stericup Cooker packages is not a Coaster!  
It is actually a **post-injection dry swab** used to stop bleeding after injection.

Talk to your harm reduction site if you have questions about this or any other harm reduction supplies
